Product Description

Toro 60V MAX* Revolution Electric Battery Backpack Leaf Blower

Revolution professional handheld products run on our 60V Max Flex-Force Power System and work with our entire line of Revolution commercial-grade handheld tools. The backpack, available as a power source for our leaf blower, and string and hedge trimmers, is built for comfort and ready to keep jobs moving all day long. It has the capacity for you to swap batteries, so when one battery is done, you're not done. Our 60V power comes to you fast: just 50 minutes to charge our largest battery to 100% and easily outpaces the charging speed of larger, lower voltage batteries.

*Battery manufacturer rating = 60V maximum & 54V typical usage. Actual voltage varies with load.

- Integrated backpack design.
 - 730 CFM at 160 MPH for massive air volume that makes easy work of every pile.
 - Variable speed trigger with turbo boost button and cruise control lets you effortlessly match power to the situation.
 - Brushless motor optimizes performance, runtime, efficiency, and tool life.
 - Horizon360® Business Management Software. Work More Efficiently. Run More Profitably.
-
