Product Description

Toro 24" Power Max® 824 OE Gas Snow Blower

Winter's biggest snowfalls are no match for the self-propelled Power Max® 824 OE Snow Blower. With a 252cc Toro Premium 4-cycle OHV engine leading the charge, you'll muscle through the toughest snow and ice Mother Nature has to offer. And you'll be back inside for dinner before your neighbors, too, thanks to a 24 in. wide clearing width and 20 in. intake height that make quick work of even the deepest snow. The innovative Quick Stick® control allows you to change the steel chute direction and chute deflector with a single, smooth motion. Convenient one-hand operation levers allow single-handed use, freeing the other hand to change speeds or the chute control without stopping. The exclusive Anti-Clogging System monitors snow intake to reduce clogging and maximize clearing efficiency. The blower is also equipped with hardened gears in your auger gearbox - there are no shear pins to replace. Instead, if the auger hits hard material, the engine will purposely stall to prevent damage. Ideal for concrete, asphalt and gravel surfaces. And with Toro's 3-year limited warranty, you can rest easy knowing that you're prepared for anything winter has in store. Count on it.

Storage dimensions: 56" x 25.8" x 43.5" (142.2 cm x 65.5 cm x 110.5 cm). Choose the right fuel for your snow blower. For best starting results use Non-ethanol fuel with an octane rating of 87 or higher. Use fresh fuel less than 30 days old, add fuel stabilizer to reduce starting problems. Do not mix oil with gas.

- Self-Propelled - Quickly and easily cut through snow with total speed control, 6 speeds forward and 2 speeds reverse.
- Power Up - Optimal performance and years of dependable use with the 252cc Toro premium 4-cycle OHV engine.
- Single Hand Chute Control - Quickly change the chute AND deflector direction with a single, smooth motion thanks to the Quick Stick® chute control.
- Stay the Course - Minimize clogging and maximize speed with the Anti-Clogging System.
- Built to Last. Dependable strength and durability now offered with heavy duty handles, steel chute and 15" tires.

- Features Double the Strength - Toro doesn't use shear pins. Instead we designed a system 2x stronger that's designed to work, not break.
 - Download the MyToro app from your mobile device's app store for easy access to product resources, including manuals, how-to's, and more
