Product Description

Oregon Power Equipment 20821 Oregon Pressure Washer

Featuring an adjustable pressure regulator, the Oregon 3400 PSI Pro-Grade Pressure Washer is engineered to provide all the power and durability required to tackle tough tasks, like paint preparation, and also the light touch needed for more delicate tasks like vehicle cleaning.

- OHV gas engine delivers more power for tougher tasks
 - High performance triplex pump features an adjustable pressure regulator for variable output velocity (PSI)
 - Durable welded steel frame to withstand the demands of heavy-duty, high volume use
 - Detergent Injection System siphons cleaning solution into water stream
-
