Product Description

Ferris Venture X Ride-On Zero Turn Spreader/Sprayer

Dry Coverage Over One Acre And Maximum Liquid Coverage of 2.2 Acres

The Venture™ X is redesigned for optimal performance and operator comfort. The quick pin TeeJet 530 Manifold with push-to-connect (PTC) hose system and improved boom durability optimize performance and increase productivity. The increased fuel capacity, hard linked trim shield, FB1000 style folding operator platform and knee pad, included speedometer, and Z1 Style steering levers with thumb following spray switch enhance the operator experience.
